

INTERNATIONAL TAI CHI CHUAN

SYMPOSIUM
*Health, Education, and
Cultural Exchange*

September 25th, 2013

Dear Sir/Madam,

As a successful organization in the twenty-first century, you undoubtedly value the health and well-being of your clients and members. Similarly, as a Grandmaster of Tai Chi, I have witnessed the invaluable health benefits of Tai Chi; namely, mental fortitude, physical resilience and a strong sense of community amongst its members. I am therefore dedicated to promoting this ancient tradition that is especially relevant in these challenging times.

An International Tai Chi Symposium will be held in Louisville, Kentucky, from July 6th to 11th, 2014. It will bring together Tai Chi practitioners from all around the world, including Masters from China as well as researchers interested in the therapeutic benefits of Tai Chi. The aim of this Symposium is to reach as many teachers, practitioners and individuals as possible in the hopes of building and enriching their foundation in Tai Chi, all the while nourishing their passion for understanding the potential of this art.

This International Symposium, "Tai Chi Chuan Directly from the Source", aims to promote health and education for the betterment of mankind. The scientific component of this Symposium will delve into the fascinating topic of "Tai Chi and the Brain".

On that note, I would like to invite you to become a part of history and join us in supporting this outstanding event by becoming a sponsor. Be part of a team that is seeking to improve the lives and health of people throughout the world, coming together as one to reflect the unity of Tai Chi.

I look forward to working with you to promote the many benefits of Tai Chi and promoting your valuable support as a sponsor.

Sincerely,

Grandmaster Yang Jun
Fifth Generation Lineage Holder Yang Family Tai Chi Chuan
